

CONCRETE/MASONRY SURFACE SEALER

CONSEAL

CON-SEAL was specifically designed as a vapor barrier and protection for concrete and other masonry surfaces. Clean substrate with Power Scrub floor detergent before applying CON-SEAL. Rinse floor thoroughly using NEUTRAL CLEANER.

FEATURES

- **LOW VOC**
- **HIGH SOLID**
- **DURABLE**
- **LAYS WITH EASE**
- **DEEP GLOSS**
- **PERMANENT**

DIRECTIONS

Allow floor to dry completely before applying 1 to 2 coats of CON-SEAL. Apply with a clean rayon blend mop. Additional coats may be applied to obtain the desired gloss and protection. Apply using only a clean finish mop or applicator. CON-SEAL may be applied to concrete and many other masonry surfaces.

Approved for Exterior Use.

Note:

Keep from freezing.
